RE: Public Notice of Proposed Minor Amendment to the 2016 Region G Water Plan

PUBLIC NOTICE

Notice is hereby given that the **Brazos G Regional Water Planning Group** ("Brazos G") will consider one (1) amendment to the 2016 Brazos G Regional Water Plan. The Brazos G Regional Water Planning Area comprises all or portions of 37 central Texas counties. The Brazos G Area is about 31,600 square miles in area, or 12 percent of the State's total area. About 90 percent of the region lies in the Brazos River Basin.

A summary of the proposed action to be taken includes:

The proposed action is to amend the 2016 Brazos G Regional Water Plan to meet changed conditions. At its April 5, 2017 meeting, Brazos G directed its engineering consultant, HDR Engineering, Inc., and the Brazos River Authority to coordinate with the City of Waco and facilitate development of the materials necessary for a Minor Amendment to the 2016 Brazos G Regional Water Plan (“2016 Plan”) as requested by the City. The City of Waco intends to supply treated water to ten utilities in McLennan County. For nine of the utilities, the water is to be used to blend with existing groundwater supplies that exceed the U.S. EPA’s Maximum Contaminant Level (“MCL”) for arsenic in drinking water of 0.01 mg/L. The intent is to blend treated water provided by the City of Waco with groundwater produced by each utility such that the resulting target blended arsenic concentration in water delivered to each utility’s customers is 15% below the MCL, or 0.0085 mg/L.

The date, time, and location of the public hearings are:

Brazos G shall consider the proposed Minor Amendment to the 2016 Brazos G Regional Water Plan on **Wednesday, August 16, 2017**, to be held at 10:00 a.m. at the Brazos River Authority offices, 4600 Cobbs Drive, Waco, Texas.

Public Comment:

Brazos G will accept written and oral comments from the public at the meeting listed above. Additionally, Brazos G will accept written comments from the public from **2 August 2017 to 30 August 2017**. Written comments should be provided to the contact listed below:
